Add Devices

Follow the on-screen instructions to add your On/Off Modules.

Remote Access

You can monitor and control your devices when away if you setup Remote Access. Go to Settings > House > Remote Access Guide to configure port forwarding.
Create a Schedule

Schedules can be set for individual devices or entire scenes. Go to Settings and tap Schedules.
Add More Control

Control everything from light switches to pool pumps with additional INSTEON devices.

For the full INSTEON product family, including wall switches, keypads,

Add Sensors for Alerts

Let INSTEON sensors monitor your home for you, keeping track of motion, doors & windows, water leaks, smoke and even your garage door.
