

Insteon Wireless Thermostat

2441ZTH
www.insteon.com/thermostats

Remote thermostat control that integrates with your home automation system.

Remote Temperature

Control your thermostat from anywhere - in your home from an Insteon Keypad or on the road from your Smartphone with the Insteon Hub.

System Support

Our range of thermostat offerings ensures that even the most custom HVAC installation can be controlled.

Integrated

Insteon Thermostats fully integrate with your Insteon automation system. Automatically control duct dampers, ceiling fans and more.

Expandable

When one thermostat isn't enough, add more Insteon Wireless Thermostats for additional temperature monitoring and throughout-the-home control.

Features

- Add temperature and humidity sensing to your Insteon system
- Add up to two Wireless Thermostats to a Wired Thermostat for remote temperature sensing and control
- Can control millivolt heaters or other systems when used with IO Module
- Battery powered and can be placed anywhere within your home
- Thermostat can activate other Insteon devices throughout your home like Ceiling Fans or duct dampers

General

Available Colors

- White

Product Numbers

- 2441ZTH

UPC Numbers

- 813922010800
-

Specifications

Insteon Features

- Insteon Wireless Device
- 915.0 MHz (US/Canada)

Electrical

- <1 Watt standby power consumption
- 2 AA Batteries
- Optional 5V wired power supply
- Optional wired temperature sensor probe

Certification & Safety

- FCC ID: SBP2441ZT
- Industry Canada ID: 5202A-2441ZT

Size and Weight

- 3.6" H x 5.7" W x 1.26" D
- 91mm H x 145mm W x 32mm D
- 7.4 oz (208g)

Temperature & Humidity

- 39° - 104° F (4° - 40° C) operating temperature
- -4° - 158° F (-20° - 70° C) storage temperature
- 0-90% relative humidity, non-condensing

In the Box

- Insteon Wired Thermostat
- Removable Tabletop Stand
- Quick Start Guide

Warranty

- 2-year limited warranty
