## Setup Your Kit

- 1 Connect the Hub to power and your internet router using only the cables provided.

Avoid power strips and switched outlets

2

Download and install the latest INSTEON for Hub App from your device's app store.

Scan the QR Code and  
tap your store.

3

Connect to the same network as the INSTEON Hub and launch the App. Create a new account.

## Add Devices

4

Follow the on-screen instructions to add your Dimmer Modules.

## Remote Access

You can monitor and control your devices when away if you setup Remote Access. Go to Settings > House > Remote Access Guide to configure port forwarding.

We're here to help. Contact INSTEON Support at 866.243.8022.

## Create a Schedule

Schedules can be set for individual devices or entire scenes. Go to Settings and tap Schedules.

## Add More Control

Control everything from light switches to pool pumps with additional INSTEON devices.

For additional INSTEON devices,  
visit **insteon.com**

## INSTEON Support
