

Insteon Outdoor On/Off Module

2634-222
www.insteon.com/plug-in-devices

Control outdoor lighting, holiday decorations, fountains and more with Insteon Outdoor On/Off Module.

Plug-in Control

Even if every room in your home is lit with recessed lights, chandeliers and wall sconces, chances are, you still have a table lamp or two. And that's nothing to say for all of the plug-in appliances throughout your home. Insteon Plug-in Modules let you add remote control of all of these "less sophisticated" plug-in apparatus.

Remote Control

While our plug-in modules do feature embedded on and off buttons, you don't really want to reach behind the couch to turn on a lamp. Thanks to Insteon, you can control your connected lamps and appliances from any wall switch, keypad, sensor - or even your smartphone when used with the Insteon Hub.

Sensor Integration

You might not have thought about it, but a good deal of your plug-in appliances become quite handy when automated. Automatically control table lamps with a motion sensor, turn on a box fan when a room gets too hot, even sound a siren when a leak is detected.

Features

- Control outdoor lighting, holiday decorations, fountains and more
- Control up to 1800W
- Reliable operation in temperatures from -4° to 122° F
- NEMA 3R tested for protected against falling rain and ice formation
- Set schedules, configure scenes and remotely control Outdoor On/Off Module from your smartphone with the Insteon Hub

General

Available Colors

- Dark Grey

Product Numbers

- 2634-222 US/Canada

UPC Numbers

- 813922013375 US/Canada

Specifications

Insteon Features

- Insteon Powerline Device
- Insteon Wireless Device
- 915.0 MHz (US/Canada)

Electrical

- <0.71 Watt power consumption
- 120VAC, 60Hz, single phase
- NEMA 5-15R Receptacle
- Max load 300W

Certification & Safety

- Conforms to ANSI/UL Std. 508-2005
- Certified to CAN/CSA Std. C22.2#14-05
- NEMA Type 3R rated enclosure
- FCC ID: SBP26342
- Industry Canada ID: 5202A-26342

Size and Weight

- 4.32" H x 2.75" W x 1.27" D
- 110mm H x 69.9mm W x 32.3mm D
- 7.2 oz (204g)

Temperature & Humidity

- -4° - 122° F (-20° - 50° C) operating temperature
- 0-85% relative humidity, non-condensing

In the Box

- Insteon Outdoor On/Off Module
- Quick Start Guide

Warranty

- 2-year limited warranty

Patents

- Protected under US and Foreign Patents (see www.insteon.com/patents)
