Insteon On/Off Module

Control appliances and non-dimming lights with Insteon On/Off Module.

Plug-in Control

Even if every room in your home is lit with recessed lights, chandeliers and wall sconces, chances are, you still have a table lamp or two. And that's nothing to say for all of the plug-in appliances throughout your home. Insteon Plug-in Modules let you add remote control of all of these "less sophisticated" plug-in apparati.

Remote Control

While our plug-in modules do feature embedded on and off buttons, you don't really want to reach behind the couch to turn on a lamp. Thanks to Insteon, you can control your connected lamps and appliances from any wall switch, keypad, sensor - or even your smartphone when used with the Insteon Hub.

Sensor Integration

You might not have thought about it, but a good deal of your plug-in appliances become quite handy when automated. Automatically control table lamps with a motion sensor, turn on a box fan when a room gets too hot, even sound a siren when a leak is detected.

INSTEON®

Features

- Control appliances or non-dimming lights, turning them on and off remotely
- As easy to install as plugging in to an outlet

- Control up to 15A appliances or 1800W of lighting
- Set schedules, configure scenes and remotely control On/Off Outlet from your smartphone with the Insteon Hub

General

Available Colors

- White

Product Numbers

- 2635-222 US/Canada

UPC Numbers

- 813922013368 US/Canada

Specifications

Insteon Features

- Insteon Powerline Device
- Insteon Wireless Device
- 915.0 MHz (US/Canada)

Electrical

- <0.75 Watt power consumption
- 120VAC, 50/60Hz, single phase
- NEMA 5-15R Receptacle
- Max load 1800W

Certification & Safety

- FCC ID: SBP26352
- Industry Canada ID: 5202A-26352

Size and Weight

- 4.1" H x 1.73" W x 1.6" D
- 104mm H x 44mm W x 40mm D
- 4.5 oz (128g)

Temperature & Humidity

- 32° - 104° F (0° - 40° C) operating temperature
- -4° - 158° F (-20° to 70° C) storage temperature
- 0-90% relative humidity, non-condensing

In the Box

- Insteon On/Off Module
- Quick Start Guide

Warranty

- 2-year limited warranty

Patents

- Protected under US and Foreign Patents (see www.insteon.com/patents)
