

## Insteon Motion Sensor

2842-222

[www.insteon.com/sensors](http://www.insteon.com/sensors)

Insteon sensors take the guess work out of what is happening at home; you can keep an eye on every door, window and room and more. With the Insteon Hub, all of those sensors report directly to your smartphone - so you have status at your fingertips wherever you are.

### Occupancy Sensing

Turn any Insteon-controlled light or appliance into an occupancy sensing device by pairing it with a Motion Sensor and automatically turn on lights when you enter a space and off when you exit.

### Automatic Control

It's never been easier to automatically turn on a light when you enter a room. Motion Sensor works in conjunction with other Insteon devices to automatically control your home.

### Instant Alerts

No matter how vigilant you might be, your life will demand more attention than you can give to monitoring your house. Fortunately, you can let the Insteon Hub be your watchdog. With a few taps, Motion Sensor will send Push Notifications the moment it's triggered. And with Apple Watch, you'll even receive notifications right on your wrist.

## Features

- Automatically control Insteon lights and appliances based on motion
- Optional night-only mode keeps lights off during the day
- Customizable motion sensitivity
- Customizable day and night sensitivity
- Detects motion up to 40-feet away with 110° field of view
- Configure your sensor and receive instant notifications on your smartphone with the Insteon Hub

## General

### Product Numbers

- 2842-222

### UPC Numbers

- 718122388714

---

## Specifications

### Insteon Features

- Insteon Wireless Device
- 915.0 MHz (US/Canada)

### Electrical

- 9V Battery
- Average battery life 6 months to 1 year

### Certification & Safety

- FCC ID: SBP2420M
- Industry Canada ID: 5202A-2420M

### Size and Weight

- 3.25" H x 2.25" W x 1.875" D
- 82.5mm H x 57.1mm W x 47.6mm D
- 4 oz (113g)

### Temperature & Humidity

- 0° - 120° F (-17° - 49° C) operating temperature
- 0-90% relative humidity, non-condensing

### In the Box

- Insteon Motion Sensor
- 9V Battery
- Wall Mount
- Mounting Screws and Drywall Anchors
- Quick Start Guide

### Warranty

- 2-year limited warranty

### Patents

- Protected under US and Foreign Patents (see [www.insteon.com/patents](http://www.insteon.com/patents))
