

Insteon Leak Sensor

2852-222
www.insteon.com/sensors

Insteon sensors take the guess work out of what is happening at home; you can keep an eye on every door, window and room and more. With the Insteon Hub, all of those sensors report directly to your smartphone - so you have status at your fingertips wherever you are.

Home Monitoring

Keep your home's plumbing at bay with Leak Sensor; place one wherever a fixture might leak happen: water shut offs, under sinks, behind the refrigerator and clothes washer, near the water heater. Don't wait for soggy drywall or buckling floors, Leak Sensor can save you from thousands of dollars in water damage.

Automatic Control

If your home detects a water leak, let it spring into action by closing your home's water shutoff valve - you might only need a few towels to clean up instead of an insurance claim; use Leak Sensor in conjunction with an IO Module and electronic water shutoff valve.

Instant Alerts

No matter how vigilant you might be, your life will demand more attention than you can give to monitoring your house. Fortunately, you can let the Insteon Hub be your watchdog. With a few taps, Leak Sensor will send Push Notifications the moment it's triggered. And with Apple Watch, you'll even receive notifications right on your wrist.

Features

- Automatically control Insteon lights and appliances when a water leak is detected
- Just set it and forget it with the included 10-year lithium battery
- Configure your sensor and receive instant notifications on your smartphone with the Insteon Hub

General

Product Numbers

- 2852-222

UPC Numbers

- 813922013078

Specifications

Insteon Features

- Insteon Wireless Device
- 915.0 MHz (US/Canada)

Electrical

- AA Battery
- Expected battery life 10 years

Certification & Safety

- FCC ID: SBP28522
- Industry Canada ID: 5202A-28522

Size and Weight

- 3.7" H x 3.6" W x 1.4" D
- 93mm H x 92mm W x 36mm D
- 3.1 oz (90g)

Temperature & Humidity

- 32° - 104° F (0° - 40° C) operating temperature
- -4° - 158° F (-20° - 70° C) storage temperature
- 0-85% relative humidity, non-condensing

In the Box

- Insteon Leak Sensor
- AA Battery
- Quick Start Guide

Warranty

- 2-year limited warranty

Patents

- Protected under US and Foreign Patents (see www.insteon.com/patents)
