INSTEON®

INSTEON Range Extender
Quick Start Guide

INSTEON Range Extender

- Opposite Phase
- Same Phase

Status LED
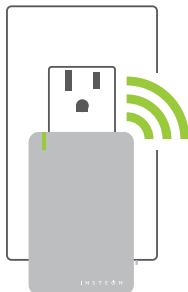

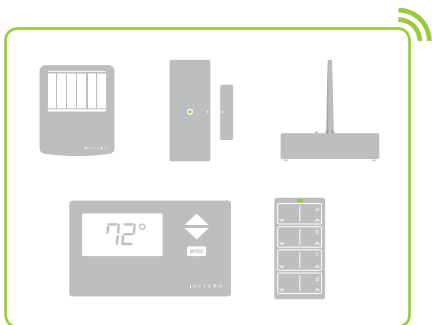

Set Button
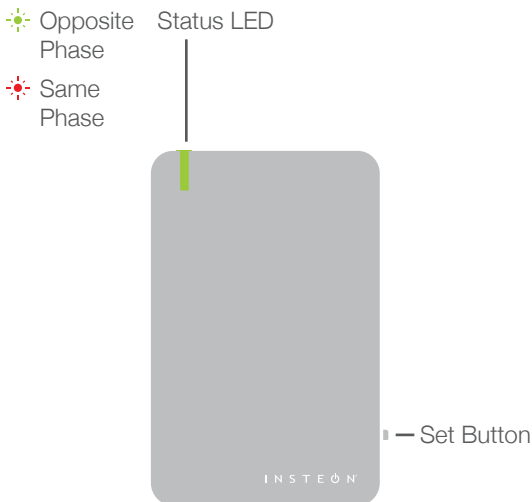

INSTEON

Installation

Plug the Range Extender into an unswitched wall outlet.

Placement

When extending the reach of your INSTEON network, locate the Range Extender near your INSTEON RF device.

Briding Electrical Phases (Optional)

1 To begin phase detection, quickly tap the Range Extender's set button four times.
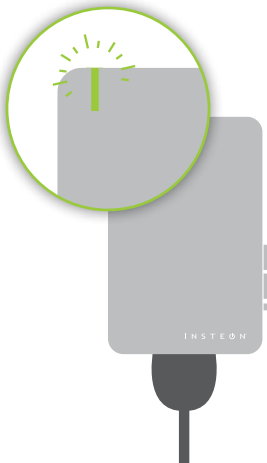

2 Inspect the status LED of a second Range Extender or any Dual-Band INSTEON device.
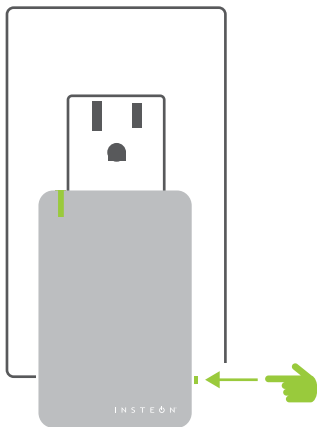

✅ Phases are correctly bridged

❌ **SOLID** Try a different outlet; phases are not correctly bridged

❌

3 Exit phase detection by tapping the set button on the Range Extender.
