

Insteon Hub

2245-222
www.insteon.com/hub

Insteon Hub and the Insteon Director mobile app sets the bar for easy-to-use home automation; control monitor your home from your smartphone or tablet, create schedules and multi-device scenes, configure alerts from sensors.

Requires purchase of Insteon Hub Service. This provides mobile app access to Insteon Hub, email and push notifications, voice assistant integrations (Amazon Alexa and Google Assistant), and more.

Remote Control

Control lights and appliances; you can do everything from basic control to configuring advanced device settings, all from your smartphone or tablet.

Automate with Schedules

Configure a single device to turn on and off at dusk and dawn or create customized groups of lights that turn on and off at various times throughout the day.

Build Scenes

Quickly and easily create scenes that let you control multiple devices simultaneously. You can customize advanced features like On Level and Ramp Rate, too.

Instant Alerts

Let Insteon be your watchdog. With an array of Insteon sensors throughout your home, you can receive instant alerts via email or push notification the moment something is amiss.

Multi-home Support

With the Insteon Director app you can add, manage, and control multiple homes from a single app

Voice Assistant

Pair your account with Google Home or Amazon Alexa and gain control over your devices with your voice and integrate with other systems through their mobile apps.

Features

- Control your Insteon devices from a smartphone or tablet
- Voice control your Insteon devices when paired with Google Home or Amazon Alexa
- Quickly build scenes to control multiple devices with a single tap
- Create schedules that trigger on a specific time or use sunrise and sunset with offset options
- Keep an eye on your home's array of sensors
- Receive email or push notification alerts if something is amiss with a sensor or device
- Insteon App is available for iOS and Android

- White

Product Numbers

- 2245-222 US/Canada

UPC Numbers

- 813922013498 US/Canada

Specifications

Insteon Features

- Insteon Dual-Mesh Device (Powerline & RF)
- 915.0 MHz (US/Canada)

Electrical

- <0.75 Watt Power Consumption
- 120-277VAC, 50/60Hz, single phase
- IEC C8 Power Connector

Certification & Safety

- FCC ID Part 15B & 15C
- IC RSS-210
- Intertek ETL
- FCC ID: SBP22452
- Industry Canada ID: 5202A-22452

Size and Weight

- 1.5" H x 3.75" W x 3.75" D
- 38mm H x 95mm W x 95mm D
- 5.2 oz (147g)

Temperature & Humidity

- 32° - 104° F (0° - 40° C) operating temperature
- -4° - 158° F (-20° to 70° C) storage temperature
- 0-90% relative humidity, non-condensing

In the Box

- Insteon Hub
- Power Cable
- Ethernet Cable
- Quick Start Guide

Connectivity

- Requires Purchase of Insteon Hub Service
- 10/100 Ethernet Connection Required for Internet Access
- Insteon Hub Requires a broadband Internet Connection
- Insteon Director app requires a smartphone or tablet running iOS 11 or later, Android 6 or greater

Warranty

- 2-year limited warranty
